

**GT-C46**  
**Thickness Gauge****Application**

An inexpensive and accurate soft material thickness tester with counter balance designed to exert minimal load on sample through 50.5mm diameter. Supplied with a loading weight to provide a load of (  $1 \pm 0.01$  ) Kpa and (  $0.1 \pm 0.01$  ) Kpa. Other configurations available on application.

**Key Specification**

Model	GT-C46
Diameter	50.5 $\pm$ 0.2 mm
Pressure	$1 \pm 0.01$ Kpa and $0.1 \pm 0.01$ Kpa
Dimensions	170x130x290mm
Weight	4kg
